

The Traditional Economy

Presented by The Jackson Hole Chamber of Commerce

The Traditional Economy

- * Is what has “emerged” for the past 100 years

The Traditional Economy

- * Is what has “emerged” for the past 100 years
- * Has a lot to gain by the growth of the emerging economy

The Traditional Economy

- * Is what has “emerged” for the past 100 years
- * Has a lot to gain by the growth of the emerging economy
- * Creates the infrastructure that allows Today's' Emerging Economy to flourish

Ensuring the Success of the Traditional Economy

- * Protect the Natural Resources that led to the creation of the traditional economy originally

Ensuring the Success of the Traditional Economy

- * Protect the Natural Resources that led to the creation of the traditional economy originally
- * Engage in Local Government to make sure we can use our treasured land outside of the Park and Forest in a Business Friendly manner that allows our economy to grow while protecting our values

Traditional and Emerging Sectors Intersect

- * The Sectors are blended

Traditional and Emerging Sectors Intersect

- * The Sectors are blended
- * Growth in any economic sector adds pressure to workforce housing

Traditional and Emerging Sectors Intersect

- * The Sectors are blended
- * Growth in any economic sector adds pressure to workforce housing
- * The Traditional economy is not aware of how to help promote the Emerging Economy, and some don't know why they should care
